Chamber Presses For More Parking

Improvement of traffic flow through Andover's downtown business district and provision of additional municipal off-street parking were discussed at Monday night's board of selectmen's meeting.

A committee from the Andover Chamber of Commerce met with the selectmen and reported on studies they have made.

The group included Atty. Thomas W. Tavenner, president of the chamber; Glen Harvey, chamber executive; John Callahan of Callahan Associates; and A. D. MacLaren.

Callahan presented a number of plans of proposed new traffic routes. These provided for making Main Street one way north from

School Street to Elm Square. Southbound traffic would be routed over Central and School Streets back to Main Street.

The suggestion was made that emergency vehicles going south from the new Safety Center could go south through the square in answering emergency calls.

Improved rotaries were proposed for the square and for the junction of School and Central Streets.

The plan called for limited parking on Main Street in the business district.

In the matter of off-street parking, two sites were mentioned, the Rogers property on Main Street and the Doherty property on Chestnut Street. Estimates were made that the Rogers property could accommodate some 90 cars while the Doherty lot could be developed to provide parking space for between 90 and 100 cars.

The selectmen were told that installation of rotaries would cost between \$20,000 and \$25,000. Atty. Tavenner said that the expenditure would be of benefit to the entire town and would solve many of the problems downtown.

MacLaren advised the selectmen that there are only a limited number of sites available and said the town should act before they are

Early Deadline For Next Issue

The offices of the Andover TOWNSMAN will be closed next Monday, Labor Day.

However, the paper will appear as usual on Thursday. Persons interested in submitting copy for the Sept. 4 issue should have it in the TOWNSMAN office no later than 5 p.m. on Friday, Aug. 29.

Abbott Bridge Repair Considered By State

Selectman Sidney P. White reported to his colleagues Monday night on a conference he had with state and county engineers on plans for the improvement of Andover Street under Chapter 90 funds for 1970.

During their talks, White said, they discussed the Abbott bridge. He reported that state officials said it was too narrow and too low to meet state standards.

White said that the officials said they doubted if any money for reconstruction of the bridge would be obtained from the Boston and Maine railroad. However, he told the other board members, he was informed of an Account 35 fund maintained by the state which has been used on several occasions to repair and remodel railroad bridges. He said this would be 100 percent state money and that the Chapter 90 funds would be used for Andover Street alone.

He said that the state officials promised that they would press for Account 35 funds to construct a new underpass and would also check on other funds which might be available.

Selectman William Stewart pointed out that conditions at the Abbott Street bridge worsen every day since Andover Street is used as a prime avenue to reach Route 93 and the many new plants now

operating in that area.

Selectman White moved that the selectmen communicate with the state on the immediate improvement of the Abbott bridge and Andover Street and at the same time seek future commitments on other improvements which could be made in the general area. This motion was adopted by the board.

Picture And Story Were Not Related

A photograph depicting an activity of the Andover YMCA and a news story concerning the United Fund Day camp were inadvertently combined on page one of the TOWNSMAN in last week's edition.

The photograph showed a group of youngsters who were enrolled in the summer program of the YMCA. Their activity had nothing to do with the UN program.

Schools Reopen Next Thursday

Andover schools will reopen for the 1969-1970 academic year next Thursday, Sept. 4.

Starting and closing hours for the schools will be the same as last year. Newcomers to the town may call the principal's office to learn the exact times.

Thursday will be a full day of school and cafeterias will serve lunches.

Teachers and administrators will report two days earlier, on Tuesday and Wednesday to prepare

for the resumption of classes.

New students may register at appointed hours before school begins, and they may also register on the first day of school.

Most of the bus routes and times will be the same as last year. The complete bus schedule is printed in today's edition of the TOWNSMAN.

Dr. Kenneth R. Seifert, new superintendent of schools, will welcome close to 6,000 boys and girls to the Andover school sys-

tem. The advance registration was placed at 5,914, but this will vary up to Oct. 1 when the official school census will be taken.

Homeroom assignments for students at the High school and East Junior High school will be found in today's edition of this newspaper. The West Junior High schedule was printed last week.

St. Augustine's parochial school pupils will also return to classes on Thursday.

Bus Schedules In This Issue

Schedules of buses to be used to transport students at Andover public schools and St. Augustine's parochial school have been announced by the school department.

The schedules will go into effect next Thursday when schools reopen.

The schedules are printed on pages 6 and 7 of this edition of the TOWNSMAN.

'Personalized Education' Goal At West Junior High

The theme at Andover West Junior High school for the coming year "Personalized Education: Our Primary Goal" was put into practice during registration days at the school Tuesday and Wednesday.

Students and their parents were greeted at the school by the president of the Student Council, Blaine Randall. Deborah Towne, Karen Coughy and William Hixon members of the student government were assisting as guides to conduct tours throughout the building. All areas were in a high state of readiness for the first day of classes on Sept. 4.

Each student was presented with a handbook which provided detailed information on all phases of school life including the many and varied extra curricular activities, as well as the rules and regulations at the school.

The school counselors, Katherine Sweeney and Robert Deacon, conducted a private conference to outline a program which accommodated the student at the appropriate level in each academic subject, as well as providing an enrichment program especially designed to meet special interests that ranged all the way from extra art periods to violin lessons.

The West Junior High is beginning the second year of individ-

ualized scheduling which provides a "tailor-made" program for every student at the school. William E. Hart, school principal, says that "our experience from last year was so successful from both the student and teachers' point of view that we have doubled our efforts to refine the master schedule in order to accommodate the most unusual learning situation. We are moving toward the 'open concept' which provides the ultimate opportunity and challenge for each student.

Upon completion of his schedule and program each new registrant was interviewed by Mr. Hart or Richard E. Neal, assistant principal, to get acquainted and have any questions answered concerning school policies or programs.

This is the first step in the school's effort to "personalize" education so that each student realizes he is the heart of the school and his welfare is of vital concern to the staff and faculty.

REAL ESTATE CORNER

by Warren N. Bixby

Buying a brand new house?

It will pay you to examine the ground around it. New houses can have appearances which are deceiving. Some builders, anxious to complete the job quickly and with a minimum of effort, will have debris bulldozed into the soil. The surface is smoothed, and grass is planted.

Then, one day, you find a piece of wood sticking up through that emerald carpet. A quick yank, and it's out. But a chunk of your lawn may be out, too. Repeat this a few times, and you may have to have the whole job redone.

Examine the ground near the foundations. The workmen may have buried bits of plaster and extra lime there! Many flowers and shrubs won't grow in this kind of soil. Again, you may have to dig up everything in

order to have the kind of garden you like.

Dr. Callahan In New Post At St. John's

Dr. William J. Callahan, a Lowell native now residing in Andover, has been named to the newly created position of Assistant Chief of Surgery at St. John's Hospital, Lowell.

Dr. Callahan, a graduate of Boston College and Tufts Medical School, interned at the Yale-New Haven Hospital in New Haven, Conn. He completed his residency in cardiovascular thoracic and general surgery at Yale Medical Center and the West Haven Veterans Administration Hospital. In

Merrimack Summer School Ends

Summer sessions at Merrimack College, attended by some 700 college students from 131 colleges and universities, ended Tuesday. The two summer sessions at Merrimack College attracted a record number of students this year according to Thomas P. Hogan, director.

Initiated with the founding of the College in 1947, the Summer Sessions program has tripled its enrollment in the past five years.

With class scheduled in the morning and evenings during both sessions, the Summer Sessions program at Merrimack College enables college students to broaden and further enrich their collegiate education while at the same time maintaining summer employment. Indicative of this growing trend in summer collegiate education is the fact that two-thirds of the students at Merrimack College this summer selected courses offered in the evening.

These students pursued a wide variety of courses in the Arts and Sciences in the two sessions: June 11 to July 21, and July 23 to August 26. Summer Sessions students reflected a broad spectrum of colleges throughout the nation. Some of the 131 colleges represented were: Marquette, Cornell, Louisiana State, Duke, Georgetown, Case Western Reserve, Arizona State, Emmanuel, Connecticut, Kansas State, Temple, and Dayton.

In addition, Dr. Callahan served as an instructor in medicine at the Yale Medical School.

Prior to his entering the U.S. Army Medical Corps in 1967, Dr. Callahan was engaged in private practice in Lowell and was a member of the active medical staff at St. John's Hospital. He was discharged from the U.S. Army on August 8 having completed his service at the Ft. Devens Hospital. During his military service, he served a tour of duty in Vietnam.

In announcing the appointment, the trustees noted that Dr. Callahan will serve in his capacity as assistant chief of surgery with Dr. Thomas J. C. Tighe, chief of St. John's surgical service. The appointment is effective at once, the trustees noted.

DEAN COMMISSIONED

Navy Ensign Kevin V. Dean, son of Mr. and Mrs. Frank C. Dean, 41 Bartlet St., was commissioned an Ensign in the Naval Reserve upon completion of a phase of his training at Naval Aviation Schools Command at Pensacola, Fla.

The course of instruction included naval history and world affairs; naval justice; leadership and orientation; physical fitness and swimming.

What are the differences between perfume, cologne, and toilet water? Perfume is created from a chemical formulation of essential oils, preservatives, and alcohol. Perfume has a stronger fragrance than cologne or toilet water. Toilet water is made by using large amounts of alcohol in the perfume formula. The scent is similar to that of perfume, but it does not last as long and is not as strong. Cologne is similar to toilet water. However, cologne is generally limited to citrus and floral bases. Cologne and toilet water are usually applied more liberally than is perfume. The fragrances are lighter. You know, of course, which is the most expensive? Perfume, naturally!

Toiletries add to being more lovely & feminine. Make sure your hair is done in a becoming style. Come to CAPILO HAIR STYLISTS, 2 Riverina Rd., Shawsheen-Andover. Tel. 475-1639. Open 9-6. Fri. 9-8. Complete beauty service. Ample Parking. Air Conditioned.

HELPFUL HINT:

Keep colognes and toilet waters in the refrigerator so that they will be truly cool

School Bus Routes

Bus routes for Andover public schools and St. Augustine's parochial school are listed below. Most of the bus routes and times will be the same as last year. The children should be ready about five minutes earlier for a few days to allow time for the regular route to be established.

Children attending the secondary grades must live one and half miles or more from the school and the elementary children one mile, to be entitled to bus transportation.

For Those Of Us Who Are Older

Officials of the Andover Council on Aging reported today that reservations for the trip to Sturbridge Village are still open. The cost (\$4.50) includes transportation and admission to the village. Reservations will not be held unless paid for.

There are ten major exhibits at Sturbridge Village including New England clocks, textiles and antique lighting devices. Early Yankee crafts are demonstrated by potters, candlemakers, tinsmiths and pewterers, among others. The 35 major buildings of the recreated village include stores, mills, meeting houses, homes and shelters. A folk singer strolls the Green and horse-drawn carryalls provide a trip around the pond for those who tire of walking.

Mark the date and make your reservation - Sept. 11 - a Thursday, with buses leaving The Haven at 10 a.m. and returning to Andover at approximately 5 p.m. September Haven Newsletter will be available Sept. 2.

Peaches Are Plentiful

The arrival of Red Haven and Golden Jubilee peaches in good supply at reasonable prices from local orchards, supplementing good supplies of Early McIntosh, green Gravensteins and Red Duchess apples as well as cultivated blueberries, has projected native fruits into the "Best Buys" headlines this week for the first time this summer, according to the Massachusetts Department of Agriculture. Native corn crop, one of the largest in years, is even more attractive as the best tasting native types come in attempting prices. California Wonder peppers, trellis-grown tomatoes and green beans are the very best vegetable buys on an unusually lengthy list of native produce values. Kentucky wonder, shell and wax beans are also plentiful and reasonable priced, as are green, Chinese and Red cabbage along with Savoy cabbage, an excellent variety of salad staples like cucumbers, Boston, Romaine and Salad Bowl lettuce, radishes, chichory, escarole, parsley and watercress. Squash of all types is very

low priced, with buttercup, butternut, yellow, summer, Delicious, Blue Hubbard, Turban and zucchini all rated "Best Buys". Native eggplant is plentiful and economical along with collards, beets, beet greens, dandelion greens, pickling cucumbers, spinach, kale, leeks, and Swiss chard. Native eggs are reasonably priced, with extra large offering the largest savings.

Native tree ripened, white-fleshed peaches, like Red Havens are the sweetest of all peaches grown. This is despite the fact that most peaches grown today are yellow-fleshed. Native Golden Jubilees are sweet and plentiful now. They are fully free ripened though white in color: the fuzz is left on for better keeping quality. Other sweet local varieties are Raritan Rose, Sunhigh, Jerseyland, J.H. Hale and Halehaven. Of course the old stand-by is Elberta. Peaches were originally imported from China, are known as "Prunes Sinensis" (Chinese Prunes) since scientifically they are a variety of prunes.

Red Cross Meets Quota

The Andover Chapter of the American Red Cross joins with the Greater Lawrence Chapter of the American Red Cross in making Greater Lawrence the first community in the United States to meet its assigned quota of the

\$6,000,000 goal set by the American Red Cross to cover the disaster relief operation brought about by Hurricane Camille.

The Greater Lawrence Chapter had a goal of \$4,773 and Andover \$713.

The United Fund of Greater Lawrence, made possible by the Fair Share giving of community citizens each year, has stepped into the breach to supply the needed money to meet the Chapters' quota so that

no drive or campaign will be needed or conducted by the chapters. This special allocation to the Andover Chapter is over and above its allocation of \$20,000.

Troop 79 Holds Weekend Camp

Troop 79 of St. Robert Bellarmine Parish in West Andover recently held a weekend camp at

Otter River State Park near Baldwinville, Mass. Each of the four patrols in the troop planned their own menus and cooked their own meals for the entire weekend. The highlight of the weekend was a troop hike along the Pumpelly Trail

starting on the south shore of Dublin Lake and leading to the summit of Mt. Monadnock in Southern New Hampshire. The round trip time for the hike was six hours and covered approximately eight miles. A board of review was held Saturday evening in which Chip Alexander and Warren Kearn were advanced to Star rank. The scouts participating in the weekend were: Chip Alexander; PL, John Alexander, Peter Reilly, Steve Koch; PL, David Young, David Dargie, Craig MacDonald, David Browne; PL, Peter Browne, George Peavey, Eddie Wolanski, Mark Morvan, Ricky Kearn; PL, Patrick Morvan; SPL, Jon Bentley, ASPL. Adult Leaders in attendance were Frank Griggs; Scoutmaster, Alfred Koch; Institutional Representative; Walter Browne, Troop Committeeman and Ronald Kearn. Other advancements in rank and merit badges earned by the scouts over the summer and at Camp Onway were as follows:

John Alexander - Second Class - Personal Fitness, Fishing, Reading, Nature, Conservation, Wild Life.

Chip Alexander - Personal Fitness, Swimming, Camping, Reading, Music, Life Saving, Conservation, Nature, Wild Life.

Steve Koch - Conservation, Personal Fitness, Reading, Indian Lore, Nature, Woodcarving, Wild Life.

Dan Koch - Reading.

Peter Reilly - Personal Fitness, Leatherwork, Nature, Woodcarving.

David Dargie - Woodcarving.

Paul Dargie - Rowing, First Aid, Indian Lore, Wild Life, Woodcarving.

Jon Bentley - Fishing.

Knights Petition Is Denied

The zoning board of appeals has handed down a decision refusing a petition of Andover Council 1078, Knights of Columbus, seeking permission to erect a sign on the roof of the building indicating the exit from Route 93 which motorists might take to reach the building.

The proposed sign would have read: "Briarcliff, Andover, K. of C., Lounge & Hall, Exit 31."

Conservation Commission Outlines Future Plans

The selectmen Monday night received a memorandum from Virginia H. Hammond, secretary of the Andover Conservation Commission.

The communication concerned the maintenance and management of recreation and conservation lands in the town and outlined plans which are to be effected. The Commission secretary wrote:

"The Conservation Commission is increasingly concerned with the maintenance and management of the Town-owned land under its jurisdiction. Supervisory and planning activities are within the scope of the powers and duties of the Commission. Therefore, for general managerial responsibility the Conservation Commission intends

to appoint a committee of three for each parcel of land under its control, each such committee to assist a member of the Commission who will act as its chairman. These committees might be known as the Trustees of Carmel Woods, for example. They should meet at least 3 or 4 times a year.

"Each committee will:

1. Keep a log of its property, with data on acquisition, deed, boundaries, state of maintenance, significant events, etc. regarding its parcel.
2. Assume responsibility to check property at frequent inter-

vals, to oversee its use, to be alert to its abuse.

3. Devise a maintenance program, seeking the help wherever possible of volunteer groups such as Scouts and Garden Clubs, but working within the general plan of maintenance if and when adopted by the Town.

4. Develop a plan for the use of its parcel and make suggestions for the implementation of the plan, again using volunteer help, state or federal aid or any other feasible means.

"Each committee's recommendations shall be advisory only and subject to review and modification or adoption by the Conservation Commission as a whole, which retains by statute primary responsibility.

"The problem of actual day-to-day maintenance by the Town of conservation properties, of parks and recreation areas (and of Town-owned land in general) is of course the responsibility of the Town Manager, the Selectmen and the Department of Public Works, but with which the Conservation Commission is deeply concerned and interested. We hope that with a new Town Manager the Town will study the problem, which grows with each new acquisition, and attempt to find a solution. We are eager to contribute whatever we are able."

He asked the chamber members if they proposed providing off-street parking for business expansion or whether the lots would become all-day parking spaces for non-shoppers. He was assured that the plans were for sites for shopper parking. Dr. Greenberg also pointed out that if the available sites are taken for

Selectman Roger Collins said he did not think that much could be done at the October town meeting to obtain the necessary funds and suggested that it would be better to bring the matter before the voters at the annual town meeting in March.

He said that he did not think the project should be undertaken with the advent of winter as it would be too difficult for motorists to become acquainted with the new traffic patterns during that season of the year.

Chairman Robert A. Watters advised the group that the selectmen would take the matter under advisement.

The Last Fling

Just ahead is the long Labor Day weekend. One week from today, thousands of Andover school children will return to classes after the summer vacation.

Going back to school means many things to many persons. To the child entering kindergarten or the first grade, it may be a frightening experience. The child may fear separation from a loving mother who has cared for him since infancy.

For older children, many look forward to returning to school. After the long summer recess, things becoming boring and getting back with other young people will come as a relief.

School officials, teachers and other personnel find that the reopening of the school year is every bit as busy as ending the previous one. It's a lot of hard work.

As for the Labor Day weekend, for most people it marks the end of the summer vacation season and a return home and back to work.

To highway safety officials, the three-day period is one of traffic jams and the dread of accidents.

Registrar of Motor Vehicles Richard E. McLaughlin says that enforcement personnel will be out en masse to regulate and control traffic and to assist drivers in protecting themselves and their families.

He urges drivers to drive at speeds which are safe for existing road conditions. He also recommended the use of signals and the use of safety belts to prevent minor accidents from causing serious injuries. All of this seems to be excellent advice.

Labor Day weekend can be a happy one, if it is a safe one.

No Easy Solution

The discussion at Monday's selectmen's meeting on downtown traffic control and off-street parking served to bring out just how complex the problems are.

At one point, it seemed about comparable to that time-honored dilemma: What came first, the egg or the chicken?

Spokesmen for the Chamber of Commerce suggested possible downtown sites for off-street parking. They stressed that convenient parking attracts shoppers downtown and boosts retail trading. As the area becomes more attractive to shoppers, business expands.

The selectmen were told that vacant space downtown is fast running out. Chamber men said that the town should act speedily to acquire off-street parking sites before all of the land is put to other use.

One of the conferees wanted to know how business could expand if the available building sites are given over to parking areas. This was not an easy question to answer. Yet, somehow, the problem must be worked out.

In connection with easing the traffic flow downtown, the Chamber committee had plans for making the business district one-way north. Traffic going south would be directed over Central and School Streets and back onto Main Street.

Again, one of the selectmen suggested that if the plan alleviated conditions in the square, new problems would probably be created elsewhere along the route of the southbound traffic.

One of the objectives of Monday's conference was to speed up action so that funds might be sought at the October town meeting. Once more, one of the selectmen inquired if the winter season would be feasible for installing new traffic patterns. The view was that snow storms would hide street lines and strangers could become confused.

The thought was that even if money was appropriated at the October town meeting, the work would not be completed until late in the year when winter might be here.

Everyone was agreed that the traffic and parking problems in downtown Andover must be solved. But just how to do it creates another problem.

The promise that the state may take the initiative to reconstruct the Abbott bridge was good news to the selectmen and everyone else in town.

The so-called 'Horn Bridge' is too narrow and too low to meet Commonwealth standards and state engineer's are concerned.

Reconstruction of the underpass cannot come too soon.

Naval Reserve Aviation Officer Candidate Gerard Bradford, III, son of Mr. and Mrs. Gerard Bradford, Jr., of 273 South Main St. has completed his second six week summer training period at the Naval Aviation Officer Candidate Schools Command, Naval Air Station, Pensacola, Fla.

He is now returned to civilian life and resumes studies at Kenyon College, Sept. 8. Upon completion of college, he will be commissioned an Ensign in the Navy and begin his tour of active duty.

Colonel Arthur C. Carroll, Commander of the 94th Military Airlift Wing, U.S. Air Force Reserve, Hanscom Field Bedford, revealed this week that several of their C-124 Globemaster aircraft have been assisting the victims of the hurricane disaster in the Mississippi area. They have been airlifting food, equipment and other materials to assist the victims of that disaster.

Massachusetts completed its business for July, the first month of fiscal 1970, with a cash balance of \$85.2 million, State Treasurer Robert Q. Crane announced in his monthly report on the financial condition of the Commonwealth. The exact balance was \$85,233,437.32.

July disbursements of \$369,066,713.51 exceeded the month's receipts by \$88 million which, Treasurer Crane pointed out, reduced the month's cash balance from its \$173,280,505.37 June level. July receipts were \$281,019,645.46.

The Commonwealth's bonded indebtedness is still over the one billion dollar mark, Treasurer Crane reports. As of Aug. 1, he said, the total indebtedness was \$1,049,823,000. A year ago it was \$1,043,777,000.

Second Lieutenant Thomas U. Wholey, son of Dr. and Mrs. John

J. Wholey of 383 North Main St., has graduated at Tyndal AFB, Fla., from the training course for U.S. Air Force weapons controllers.

Lieutenant Wholey, a 1964 graduate of Kimball Union Academy, Meriden, N.H., received his B.A. degree from Syracuse University where he was commissioned in 1969 upon completion of the Air Force Reserve Officers Training Corps program. The lieutenant is a member of Kappa Sigma.

Plans have been set for the second annual Harvest Bazaar of St. Robert Bellarmine Parish. The event will be held on Friday, Nov. 21, and Saturday, Nov. 22, in the church hall, located on Haggett's Pond Road in West Andover.

Under the chairmanship of Mrs. Thomas Daley, this year's Bazaar will feature a country store with homemade preserves and delicacies; original Christmas decorations and novelties; a white elephant table; knitware; toys; a bookstall; and many other interesting items.

Santa Claus will visit the two day affair, and there will also be special games for the children.

The selectmen Monday night received a reply from Congressman F. Bradford Morse to a communication regarding the new post office.

Chairman Robert A. Watters had written Morse asking that the selectmen be allowed a voice in selection of the site for the new post office.

The Congressman informed the chairman that he was keeping in close touch with the Post Office Department and in turn would keep the Andover officials up to date on the progress of the plant.

Announcement that the new post office would be built was made several weeks ago but little information has been forthcoming from the federal government.

Andover public schools will reopen on Sept. 9 with an estimated enrollment of 3,346.

All candidates for the high school football team will report for a meeting with the new coach, Dick Collins, next Monday at the high school gymnasium.

Residents of the town will have a chance to inspect the new housing project for the elderly next Saturday from 1:30 to 4 p.m.

State engineers meet with selectmen to explain extensive plans for the new highway which will extend from the Tewksbury line across North Main Street and over the river and railroad tracks to Lawrence.

Excessive algae has caused the wretched taste of the town water during the past week or so and is a natural summer development according to a report from Town Manager Thomas E. Duff.

Memorial Hall Library

The Children's Room of Andover Memorial Hall Library announces a meeting of the Summer Reading Club participants to be held on Sept. 3 at 2:30 in the afternoon in the Children's Room. At this meeting certificates will be given to all children who have completed the requirements of the club.

The Great Books discussion group will begin its fall program on Sept. 30 in the Print Room of the Memorial Hall Library. This year the group has decided to study modern authors rather than follow the regular Great Books program. Contemporary books to be read and discussed this fall are: The Stranger by Albert Camus on the opening night, Sept. 30; Science and Government by C. P. Snow on Oct. 14; Soul on Ice by Eldridge Cleaver on Oct. 28; The Iceman Cometh by Eugene O'Neill on Nov. 11; The Wisdom of Insecurity by Alan Watts on Nov. 25 and The Martyred by Richard E. Kim on Dec. 9. These books are available at the library and may also be purchased in paperback at the Andover Bookstore.

Electric Company
To Buy Uranium

The Atomic Energy Commission and the Yankee Atomic Electric Company of Boston have signed an agreement that will permit the private firm to assume ownership of enriched uranium now held on lease from the AEC.

S. R. Sapirie, Manager of the AEC's Oakridge Operation, said that in the initial transaction under the contract, Yankee Atomic Electric will acquire \$3,006,000 worth of uranium that the firm will have fabricated into fuel elements for use in its nuclear power station at Rowe, Mass.

The exchange called for the company to pay the AEC \$1,533,480 and to furnish about 138,131 lbs. of uranium seed material. Additional transactions are expected under the contract which extends through June 30, 1973.

Monetary costs and the quantities of uranium seed material required for the transactions are determined from the Standard Table of Enriching Services published by the AEC.

This means of converting leased enriched uranium into private ownership is one of the uranium supply policies established by the Commission to implement the 1964 Private Ownership of Special Nuclear Material's Act.

To date, the AEC has signed four such agreements, under which a total of more than \$39 million worth of enriched uranium will become privately owned. In payment the AEC will receive \$12,655,223 and 2,261,601 lbs. of uranium seed material.

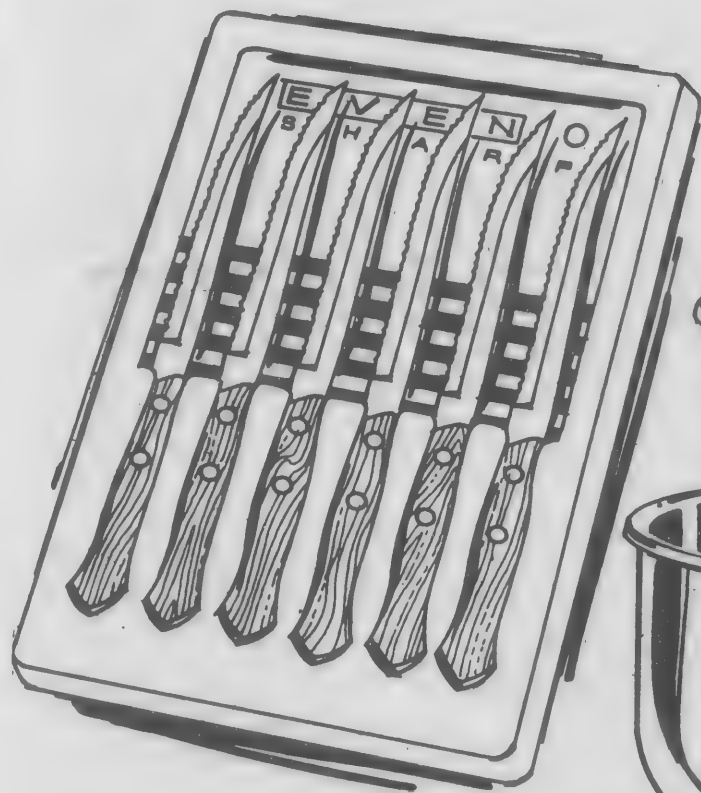

The three earlier contracts are with the Commonwealth Edison Company of Chicago, United Nuclear Corporation of Elmsford, New York, and General Electric Company of New York City.

Girls' Gym Regulations

Principal William E. Hart of
West Junior High school has an-
nounced the following regulations
in regards to girls' physical ed-
ucation equipment and require-
ments.

Gym Suit - A Moore Royal Blue
Gym Suit Style 8, which is avail-
able at all Andover and Lawrence
Sporting Goods stores.

Sneakers - Navy blue or black
only.

Socks - Two pair of white heavy
cotton or wool socks.

Towels - Two bath towels with
your name on them in 1/2" let-
tering or larger.

Sweatshirt - A navy blue or
black sweatshirt.

Shower cap and shower shoes -
are optional equipment.

Locks - Locks will be supplied
for all seventh graders.

Marking of gym equipment.
The student's first and last name
should appear in 1/2" or 3/4" let-
tering on all gym equipment.

Each girl's suit should have her
name, both first and last, on the

pocket of the gym suit (upper
left side of the blouse of the
suit) in white thread. One-half
to three-quarter inch lettering is
most appropriate.

Sneakers should have the stu-
dent's name, both first and last,
on the inside of the tongue of
both sneakers, in indelible ink.

Socks should have the student's
name on them, neatly on the sole
of the sock. Name tapes are per-
missible on the top of the socks,
however, they must be sewed on
not just ironed on. Name tapes
may not be used on any other
equipment.

Towels should have the name
printed on a flat surface on both
ends of the towel. Large let-
tering is appreciated.

The student's first and last name
should be sewed on the upper left
side of the front of the sweatshirt
as it is on the gym suit.

Obituary

EUGENE A. BERNARDIN

A solemn high Mass of requiem was celebrated in St. Augustine's church Thursday morning at 10 a.m. for Eugene A. Bernardin, 71, 11 Abbot St., leader in the outdoor advertising field, who died Monday at his home following a long illness.

The funeral was held from the Lundgren Funeral Home, 18 Elm St. Following the funeral Mass, burial took place in Spring Grove cemetery.

The late Mr. Bernardin was associated for the past 45 years with the Joseph J. Flynn, Inc., outdoor advertising firm at 342 Jackson St., Lawrence, of which he was vice president and general manager.

He became associated with the Flynn company in 1924 after it was founded by his father-in-law, the late former Massachusetts Senator Joseph J. Flynn who had also been active in the theatrical field.

The Andover resident was active in the outdoor advertising industry throughout the northeast. He was a director of the Outdoor Advertising Association of America and served as president of the Massachusetts Outdoor Advertising Council. In 1950 he was made president of the Merrimack Valley Advertising Club.

The son of Charles M. Bernardin and Georgianna (Blanchet) Bernardin, he was born in Lawrence on April 27, 1898.

The family home was at 456 Haverhill St., in the Tower Hill section of the city. Charles M. Bernardin had a butter and egg business for years and his store was on Franklin Street, only a few steps from Essex Street, Lawrence. It was in this butter and egg business the deceased got his first taste of trade, helping his father. Later he went into the same business himself before transferring to outdoor advertising.

After graduating from St. Anne's Grammar School, Lawrence, he attended Nicolet Seminary in Quebec, Canada. He matriculated to Assumption College, Worcester, and then moved on to Boston College where he was graduated as a member of the class of 1919. He also studied at Harvard Business School.

Later he had the honor of being president of the Harvard Club of Andover.

In 1950 he was elected president of the Lawrence Rotary Club. He held the office of vice president and trustee of Lawrence Savings Bank, being elected vice president at the bank's 101st annual meeting held this past spring.

A director of Bon Secours Hospital Guild, he formerly was treasurer of the Family Service Association of Greater Lawrence.

While at college he served with the ROTC and was a World War I veteran.

Civic Leader

As a civic leader, he was associated with the Greater Lawrence Chamber of Commerce, serving under Chamber President Harold Whitworth as chairman of the Congressional Action committee. He was a former director of the chamber. He also held membership in the Lanam Club of Andover.

Long a devotee of golf, he belonged to a foursome that played every Wednesday for 24 consecutive years. His fellow players were Charles W. Seifert, Walter V. Demers, Sr. and Kingman Webster.

Survivors are his wife, Mary V. (Flynn) Bernardin; two sons, Eugene A. Bernardin, Jr., Andover real estate and insurance agency owner and Atty. George F. Bernardin, associated with the Norton Company of Worcester; a daughter, Josephine, wife of Dr. Pieter deVries, Las Gatos, Calif., 10 grandchildren; two brothers, Emile C., retired Lawrence Master Plumber; and Leo A., retired Lawrence butter and egg dealer; three sisters, Sister Yvonne Bernardin of the Servants of the Immaculate Heart of Mary, who celebrated her golden anniversary as a religious last year, now stationed at St. Andre Home, Biddeford, Pool, Maine and for 17 years assistant provincial of the order; Annette A. Bernardin of Lawrence, retired executive director of the Greater Lawrence Chapter of the American Red Cross; and Irene D. wife of Ernest J. Morin of Andover, Lawrence restaurateur.

Friends have been asked to make memorial contributions to the Lawrence General hospital.

DDT Foe Scheduled

To Speak Sept. 5

Dr. Goran Lofroth, the man primarily responsible for the ban on DDT in Sweden, will speak at 8 p.m., Friday, Sept. 5 at Brandeis University.

Dr. Lofroth will discuss "Organochlorine Pesticides and the Environment."

The meeting, sponsored by Brandeis University and the Massachusetts Audubon Society, will be held in the Gerstenzang Auditorium (Room 121) at the Brandeis School of Science.

Refreshments will be served at 7:30.

The robin is one of the dinosaur's closest surviving relatives.

Quilting Bee At Topsfield

It has been at least 50 years since Topsfield Fair has had an old-fashioned quilting bee, but if enough women (men will be welcome, too) heed the call of Home Arts Department chairman, Mrs. Wilfred Desmarais, the pastime of the Gay Nineties will be revived at the upcoming Fair, Aug. 30 through Sept. 6.

Several people wrote to Mrs. Desmarais asking for a quilting demonstration at the Home Arts and Crafts pavilion. None of the chairman's large committee felt qualified to instruct fair-goers so she issued a public appeal for volunteers to conduct a "bee."

Initial response has been good but Mrs. Desmarais could still use another dozen or so "quilters." She wonders if elder Fair patrons will feel that some of the lustre of latter-day "bee" is missing when they see the modern quilt-makers using a new-fangled appliance -- the electric sewing machine. Or whether the old-timers will agree that the new machine not only makes quilts faster but also better.

Long one of the Fair's most popular features, this year's schedule of special events in the Arts and Crafts pavilion will include rug making, sewing, knitting, crocheting and portrait painting.

Persons interested in participating in any of these demonstrations, or the quilting bee, may contact Mrs. Desmarais at the Fair Grounds.

"Staple" refers to cotton fiber length.

Mrs. Mark Sperry

Sperry - Anderson

Miss Mary Jane Anderson, daughter of Mr. and Mrs. Louis H. Anderson, 26 Morton St., became the bride of Mark Sperry, son of Mr. and Mrs. Everett D. Sperry, Jr., 4983 Kolohele St., Honolulu, Hawaii, on Aug. 17 at 4:30 p.m. at South Church. Rev. Freeman Strickland and Rev. Everett Bodge officiated.

The bride, given in marriage by her father, wore a gown of imported white linen with Empire bodice enhanced by Venice lace daisies and Cathedral collar, featuring short fluted sleeves trimmed with matching lace and gathered waistline train. She wore a small carnation crown and carried a cascade of white roses and stephanotis.

Miss Marcia Anderson, maid of honor, Miss Georgia Anderson, and Miss Nancy Anderson, the bridesmaids, sisters of the bride, wore identical demi-waisted gowns of raspberry linen featuring short puffed sleeves and scooped neckline. The mother of the bride

chose a peach linen ensemble and the bridegroom's mother wore a pink linen dress.

The bridegroom's father, Everett D. Sperry, Jr., of Honolulu, Hawaii was best man. Ushering the guests were John Foley, Jr. of Hartford, Conn., Richard J. Alberta of Allendale, N.J. and Kim Sperry, brother of the bridegroom from Honolulu, Hawaii.

A reception was held at the North Andover Country Club. After a honeymoon in Maine, Mr. and Mrs. Sperry will live in Honolulu, Hawaii.

The bride received her B.A. degree from Bates College, Lewiston, Maine. Her husband is a graduate of Rutgers University, N.J.

Among the out of town guests attending were: Mrs. Everett D. Sperry, the bridegroom's grandmother from Honolulu, Hawaii, Mrs. Louis F. Gearen, the bride's aunt from Long Beach, California and Mrs. Dennis Stanley, San Francisco, California, also an aunt of the bride.

Mrs. David C. King

King - Couch

Rev. George F. Vought officiated at the wedding ceremony on Aug. 23 when Miss Mary Jane Couch, daughter of Mr. and Mrs. James H. Couch of Andover, became the bride of David Charles King, son of Mr. and Mrs. Virgil O. King of Charleston, S.C. The wedding took place in the garden of Stearns

House, Phillips Academy, where the bride's parents reside.

Given in marriage by her father, the bride wore a short white chiffon gown with all-over accordin pleats. Its long sleeves ended in satin trimmed ruffles. The skirt was three tiers of self ruffles edged in white satin. Her shoulder length veil fell from a white satin bow. She carried a small nosegay of white roses miniature chrysanthemums and ivy.

Miss Carol Anne Couch, sister of the bride, was maid of honor. She wore a short, vivid blue chiffon gown with a skirt of accordin pleats. Its Empire waist and neckline were accented with white beading. In her hair she wore a matching blue satin bow. Her nosegay was of miniature chrysanthemums and cornflowers.

The best man was Matthew Stowell, III of Newport News, Va. James H. Couch, Jr., brother of the bride was the usher.

The reception was held in the Common Room of Stearns House and Miss Margaret F. Couch, another sister of the bride, was in charge of the guest book.

Following a wedding trip to the White Mountains, Mr. and Mrs. King will make their home in Boston.

Wedding Announced

Miss Elizabeth Dorrance Tuttle, daughter of Mr. and Mrs. Lawrence E. Tuttle of Brooks School, North Andover, and Proctorsville, Vt., and Richard Lee Goldthwaite, son of Mr. and Mrs. Edward W. Goldthwaite of High Plain Road, and Biddeford, Me., were married in Andover by Rev. Norman Duble on Aug. 8.

The bride is the granddaughter of Arthur F. Tuttle, New Haven, Conn., and West Chop, Mass. and of Mrs. George E. McClellan, Woodstock, Conn.

Mr. and Mrs. Goldthwaite reside in Boston.

Horse Show Scheduled

An open horse show, affiliated with the New England Horsemen's Council and the Massachusetts Horsemen's Council, will be held Sunday, Aug. 31 at Topsfield Fair and will offer more than 30 classes.

Included will be equitation, pleasure horses and ponies, jumping, Appaloosa, Morgan and three-gaited classes.

The "Ulinda" challenge trophy will be awarded to the winner of the amateur park Morgan class and cash awards given in all other classes except equitation.

Male Choir To Rehearse

The Andover Male Choir will begin rehearsals for its 42nd season Tuesday, Sept. 9 at 7:45 p.m. at the Bancroft school. This versatile group is under the direction of J. Everett Collins, founder. It has been the recipient of numerous awards in New England Male Choir competitions. Having a diversified repertoire ranging from current Broadway show tunes to familiar sacred choral works, the choir has entertained at many functions throughout the state.

The only requirement for membership in the Andover Male Choir is a desire to sing with a group. Men of all ages from all walks of life are welcome. For more information call J. Everett Collins, director, or Edward Heifetz, president.

The Labor Department's manpower training programs have increased more than 100-fold since the establishment of the Manpower Development and Training Act, in 1962. Only 11,900 trainees participated under MDTA in its first year but by 1968, 1,287,000 men, women, and young people participated in a variety of manpower training programs operated by the Department.

Junior Football League

The Andover Junior Football League will conduct try-outs for Elementary school boys between the ages of 10 through 13 years of age according to William J. Iggo, President of the League. The try-outs will be held on Saturday, Sept. 6, 10 a.m. to 12 noon and also from 1 p.m. to 3 p.m. and Sunday, Sept. 7 from 1 p.m. to 3 p.m.

Boys who will be attending East or West Junior High schools must work out with the Junior High football squad as they will not be allowed to play with the Junior Football teams unless they are recommended by the Junior High coaching staff. Private or parochial school 7th or 8th graders will be eligible for the Andover Junior Football League teams. Boys who are 13 years of age must

not exceed 120 lbs. in weight. Boys 12 or under may exceed this weight limit.

Applications and medical forms are now available at Dana's Sporting Goods Store, Andover Police Station, Andover Spa, Ballardvale Fire Station and the West Andover Fire Station. Application forms with the application fee must be turned in on the tryout dates. Medical forms completed by the family doctor must be returned to the coaching staff no later than Wednesday, Sept. 10.

Edward Seero will be the head coach for the Central Colts, John Hammer will coach the Shawshen Patriots, Edward LaFleur will coach the West Andover team while John Popielarski will be the head coach for the defending champions, the Ballardvale Browns.

Sonotone's Certified Hearing Aid Consultant

A hearing defect today is no different than a sight defect. You owe it to yourself to have your hearing tested regularly, just as you have your eyes checked. There is no charge for this service at the Sonotone office, located in the Bay State Building in Lawrence. Mrs. Theresa Manzi Amore, Sonotone's certified Hearing Aid Consultant in the Greater Lawrence area, will give you a complete hearing test. Mrs. Amore, an Andover resident with a daughter at Abbot, has been affiliated with Sonotone, the House of Hearing, for 18 years. During this time, she has brought happiness, through the help of hearing, to hundreds of people. Call any time and make an

appointment for a free hearing check-up that can be conducted either in your home or at her Sonotone Office. Then Mrs. Amore will be able to evaluate your loss of hearing immediately and offer her expert advice concerning your hearing problem. If you require the attention of an M. D., you will be referred to one at once, or if you prefer you may go to your M. D. first.

By prolonging or avoiding a hearing test when you suspect that you have a hearing problem, you are only making the impairment greater and actually depriving yourself of a normal life. Remember, a hearing defect affects not only your life, but the lives of your loved ones.

If you can take care of hearing problems early in life, you can open up a whole new world for a child. Mrs. Amore has counseled many infants and children in this area. In fact, children's hearing problems are her specialty. She has been testing the hearing of the children of St. Augustine's School in Andover for the past 16 years. Each child is tested individually. Mrs. Amore also visits and takes care of the elderly in nursing homes and hospitals.

For an appointment, call her at 682-4730, or visit Mrs. Amore in her Sonotone office, now two large rooms to serve you better, at Room 315 in the Bay State Building.

Poke a blade of grass into a small hole in a sand dune and you may find the home of a Sand Dune Wolf Spider. The species protects its young in the exposed dunes by living in holes that extend down to depths of two feet.

Although the "one-horse buggy" has virtually vanished from the American scene, the nation will nevertheless require 600 new blacksmiths every year through the mid-1970's, according to the Bureau of Labor Statistics.
